

POST-STORM HOME ROOF CHECKLIST

Nebraska Panhandle | No ladders. No climbing.

Example visual - check roof edges, gutters, ground debris, and interior stains after hail or wind.

1. SAFETY

- ☐ Stay on the ground. No ladders.
- ☐ Watch for downed lines, broken glass, sharp debris.
- ☐ Do not touch wet electrical fixtures or unsafe debris.

2. OUTSIDE WALK

- ☐ Missing / broken shingles.
- ☐ Shingle pieces or granules on ground.
- ☐ Dented gutters / downspouts / metal trim.
- ☐ Branches or debris on roof.
- ☐ Damage to siding, windows, screens.

3. INSIDE CHECK

- ☐ New ceiling or wall spots.
- ☐ Drips or damp areas.
- ☐ Attic: damp insulation, visible daylight, musty smell.

4. DOCUMENT

- ☐ Take 10-20 photos outside, 5-10 inside.
- ☐ Note storm date/time and hail size if known.
- ☐ Save everything in a Storm - [Date] folder.

5. DECIDE

- ☐ If you see damage or leaks: call Schank for a 48-Hour Home Roof Confidence Package.
- ☐ If no obvious damage but heavy hail/wind: schedule a preventative inspection within 7 days.
